Description

The Wolfcraft False Square for Miter Saws (6957000) is an essential tool for making precise and perfect miter cuts. With this false square, you can accurately measure the angles and transfer them to the saw easily. Its easy adjustment with eccentric lever and magnets guarantees a secure fixation. In addition, it has an automatic bisector that will allow you to make miter cuts precisely. Its telescopic arms facilitate comfortable measurements, and its folding stop will allow you to mark angles directly on the piece. With the Wolfcraft False Square for Miter Saws, you can carry out carpentry work with maximum precision and quality.

- Precise measurement of angles and transfer to the saw
- Easy adjustment with eccentric lever and magnets
- Automatic bisector for perfect miter cuts
- Telescopic arms for comfortable measurements
- Foldable stop to mark angles directly on the piece
