Product sheet

4-80W EDM Primer

Brand: EDM

Reference: EDM 04004

4-80W EDM starter

- Voltage: 220-240V
- Power: 4-80W
- Product High quality for EDM machines
- Compatible with EDM systems
- Ensures optimal and long-lasting performance
- Easy to install and use
- Perfect for precision work in machining industries
- Compact dimensions for easy placement in any equipment

Description

4-80W EDM starter

- **Voltage:** 220-240V
- **Power:** 4-80W
- **Application:** EDM
- **Description:** The 4-80W EDM primer is an essential component for wire EDM equipment. With a power of 4 to 80W, this primer guarantees a smooth and safe start of the machining process. Its robust and reliable design makes it ideal for demanding industrial environments. The operating voltage of 220-240V makes it compatible with most EDM machines available on the market. Additionally, its easy installation and maintenance make it a convenient choice for workshops and factories. Make sure you have the 4-80W EDM primer to optimize the efficiency and precision of your EDM machining operations.

Specifications

Cap	T8

EAN	8425998040043
Country of origin	India
Weight (kg)	0,005
Type of lamp	Fluorescent
