## Description

### Weitech INZZECTOR4 LED UV Trap

The inzzector4 LED UV trap from Weitech is the perfect solution to get rid of unwanted insects in your home efficiently and without chemicals. Attracted to ultraviolet light, insects become trapped and electrocuted, ensuring a pest-free environment. Its odorless and silent design makes it ideal for use both day and night, without disturbing your daily activities. With a consumption of only 1.5w, it connects directly to the socket with a 90º turn, facilitating its installation in any interior space. Its range of 20m² makes it effective against flies, mosquitoes, tiger mosquitoes, moths, among others. With a lifespan of 10,000 hours, this trap is durable and effective in keeping your home free of insects.
