Description

Automatic stair 16A Hager EMN001 General characteristics

Minute hand stair 16A

Allows you to save energy and to ensure the functioning of the load.

Timing adjustable from 30s to 10 min.

Technical features: Way of fixing: DIN rail Supply voltage: 230V AC Supply voltage: 230 V Rated voltage of employment in ac: 195/230/253 V Assigned frequency: 50/60 Hz Type of contact: 1F Cutting power: 16A-250V AC1 Pot. Max. with filament lamps: 2300 W Timing range: 30 seconds Type of connection: Cage with screw Number of modules: 1 IP protection index: IP20 Rated current of employment in AC1: 16 To Intensity of rest: 100 mA

Specifications

Rated current (A)	16
EAN	3250612339969
Manufacturer	Hager
Nominal voltage (V)	230V
