Description

The Zenit Blanco 72w DC fan is a perfect option to keep your home cool and comfortable all year round. With its modern and sleek design, this fan is a combination of style and functionality that you won't want to miss. Learn about all the technical features and benefits that this impressive product offers.

High efficiency DC motor: This fan has a direct current motor that provides powerful performance and efficient, with reduced energy consumption.

3 107 cm deployable blades: The fan blades are designed to maximize airflow, keeping your space cool and well ventilated. In addition, its folding system allows you to adjust the inclination for optimal performance.

7200 lumens of LED lighting: Enjoy bright, high-quality lighting thanks to the LEDs integrated into the fan, which provide uniform and long-lasting lighting.

6 speed levels: With 6 different speeds, you can adjust the intensity of the fan according to your needs and preferences, to maintain the ideal temperature at any time.

Adjustable color temperature: This fan offers the possibility of choosing between three color temperatures (3000k, 4500k, 6000k) to create the perfect environment in your home, whether it's warm and cozy or cool and bright.

Remote Control and Timer: With the included remote control, you can adjust all of the fan's functions from the comfort of your sofa. Additionally, the timer allows you to schedule automatic shut-off for added convenience and energy savings.

Memory function: The fan has a memory function that saves your speed settings, lighting and color temperature, so you don't have to configure them every time you turn it on.
