Description

Zenit Nickel DC Fan 72w 3 removable blades 107d 7200lm 6 speed 3000k,4500k,6000k, Remote+timer+memory The Zenit Nickel DC Fan is the perfect solution to maintain your cool and comfortable home all year round. With its modern and sophisticated design, this fan not only fulfills its function of cooling the environment, but also becomes a decorative element that enhances the

aesthetics of any space. This fan has a power of 72w, which guarantees efficient operation and reduced energy consumption. Its 3 removable blades provide a smooth and constant air flow, capable of refreshing any room quickly and effectively. In addition, its inclination angle of 107 degrees allows for uniform distribution of air in all directions. As if that were not enough, the Zenit Niquel Dc Fan offers an impressive luminosity of 7200lm, ensuring optimal lighting in any environment. Thanks to its 6 adjustable speeds, you can control the intensity of the air flow and the brightness to your liking, adapting to your needs at every moment of the day. This fan has a color temperature of 3000k, 4500k and 6000k, allowing you to create cozy and personalized environments according to your preferences. In addition, its operation is totally convenient thanks to the remote control included, which allows you to adjust all its functions from the comfort of your sofa. The timer function strong> gives you the possibility of programming the fan to automatically turn off, which is ideal for falling asleep on the hottest nights. Forget tedious getting up at night to turn off the fan! And if that were not enough, the fan has memory, so it will remember your default settings. In short, the Zenit Niquel Dc Fan is much more than a simple device for refresh your home.
