Roll 100M Flexible Cable (1x1.5mm) Brown

Brand: GSC

Reference: GSC 003902946

The Brown Halogen-Free Flexible Cable is distinguished by its high safety and performance in the distribution of electricity within construction projects and civil engineering works. With a premium copper conductor core and an advanced CPR rating of Cca-s1b,d1,a1, this cable is designed to minimize the generation and spread of fire and smoke, thus ensuring safer electrical installations.

- **Copper conductive material**, which ensures efficient transmission of electricity with minimal losses.
- **Halogen-free cover** in brown color , which limits the emission of harmful gases in the event of fire.
- **CPR Cca-s1b,d1,a1** classification in reaction to fire, making it a safe option for critical environments.
- **1x1.5mm section**, suitable for a wide variety of electrical applications.
- **0.7KV insulation** , for additional protection against high voltages.

Description

This halogen-free flexible cable not only meets the strictest fire safety regulations, but also offers a durable and reliable solution for the electrical infrastructure of any building or civil project. .

- **High purity copper conductor** for optimal conductivity and reliability in energy transmission.
- **Brown coating free of halogens**, contributing to safety and compliance with environmental regulations by reducing toxic gases during a fire.

- **In accordance with CPR Cca-s1b,d1,a1 classification** strong>, sets a high safety standard, making this cable suitable for use in multiple construction contexts where safety is a priority.
- **Flexible and easy to install**, with a length of 100M and a cross section of 1x1.5mm, adapting to various installation requirements.
- **Robust 0.7KV insulation**, ensuring safe operation against possible surges

Specifications

Colour	Brown
EAN	8429642131392
Halogen-free	Yes
Length	100m
Weight (kg)	0
Cable cross-section (mm²)	1.5
