Description

The **2-Outlet Power Strip with Standard Series Switch** is designed to meet your power connectivity needs with ease and security. It offers a maximum charging capacity of 3680W, ideal for supporting everything from small charging devices to those with higher consumption. Its 1.5 meter cable gives you the flexibility to place it where you need it most, and the included switch allows convenient control of the power supply, helping to save energy and reduce the risk of overload.

- **Cable Type:** H05VV-F, recognized for its durability and safety.
- **Cable Section:** 3x1.5mm, ensuring effective power transmission and safe.
- **For Plug:** 2P+TT side, compatible with most devices.
- **Voltage and Frequency:** 250V and 50Hz, complying with European standards.

- **Design:** Compact and in white, easy to integrate into any space

Specifications

Colour	White
EAN	8433373071513
Length	1.5 metros
Weight (kg)	0,291
Battery included	No
Maximum power (W)	3680W
Cable cross-section (mm²)	3x1.5
Nominal voltage (V)	230V
Colour temperature	6000K, 3000K, 4000K
