Roll 50M Hose (3x1.0mm) White

Brand: GSC

Reference: GSC 101005008

This **50 meter VV-F hose roll** in white with a **3x1.0mm²** section represents an excellent option for professionals and DIY enthusiasts looking for the combination perfect quality and safety in your electrical projects. Designed to meet the highest standards, this cable not only guarantees a safe electrical installation but also contributes to optimal organization and aesthetics thanks to its neutral color.

- **Cable type** : VV-F, ideal for general applications on construction sites.
- **3x1.0mm² section**, providing adequate capacity for various installation needs. li>
- **Insulation up to 0.5KV**, offering protection and security in power distribution.
- **White color**, which facilitates visual integration in different environments.
- **Copper conductive material**, ensuring excellent electrical conductivity and durability.
- **CPA classification for reaction to fire ECA** materials with certain fire safety characteristics.

Description

The **VV-F hose reel** is not only a practical choice for its performance and safety, but also offers the flexibility necessary for use in different construction and renovation projects. Backed by European safety regulations, this product is a guarantee of **quality and reliability** for professionals and DIY enthusiasts alike.

Feature Detail

Reference 101005008

Description Roll 50M hose (3x1.0mm²) White

Type VV-F
Section (3x1.0mm²)
Insulation 0.5KV
Color White
Conductive material Copper
CPR Classification Reaction to fire ECA
Length 50M

With its combination of **high quality, safety and efficiency**, the **VV-F hose roll** is an excellent solution for those looking to carry out reliable and long-lasting electrical installations in their projects

Specifications

Insulation voltage	500V
Colour	White
EAN	8429642037045
Length	50 metros
Material	Copper
Cable cross-section (mm²)	3x1
