Bi-material handle chisel I-30 mm

Brand: COFAN

Reference: COF 09514342

cofan

Chisel with bi-material handle and resharpenable cutting blade, suitable for use in carpentry work, whether with thick or thin wood. Chisels with bi-material handles are popular among carpenters and craftsmen due to their ergonomics and efficiency in woodworking. It has a metal rear strike plate and a very comfortable ergonomic handle that is adjustable to the hand, which provides a non-slip grip. Its blade is made of chrome-vanadium steel and is very resistant to heat. The blade and handle are heat fused for added strength. Cutting width measurements from 6 mm to 35 mm.

- Cutting Width: 30 mm
