Description

Box protects baits for traps

- Measure: 22.5x21x10 cm.
- Container for baits in rigid plastic material with lateral opening equipped with a key for its opening and with a wall fixing system. Essential instrument to place and protect rodenticide baits which remain fresh, dust-free, moisture-free, dirt-free and above all out of the reach of children and pets.
- The container is positioned along the perimeter walls internal or external in the usual areas of passage of mice.
- Content:
 - > Removable bait holder box.
 - > Support for fixing to the wall.
 - > Key opening.
- Closing and opening: To close the box, just press lightly on the lid until the closing hooks lock. To open, insert the key and turn it until the flaps that keep the lid closed are open.
- Wall fixing: Use the rigid support it contains to fix it to the wall as shown in the images.
- The box protects baits can be equipped with a trap and poisonous bait depending on your needs to catch mice and/or rats
- Protects the bait from rain and bad weather
- With hidden system of opening lock with key to avoid contact with children and pets
- With compartments for different types of bait
- Easy to use, simple and hygienic
- Poison baits and mousetraps are not included
