Description

VATTON 115mm Multi-Material Disc: The Versatile Tool for Precise Cuts

The **VATTON 115mm Multi-Material Disc** is the perfect solution for those looking for a reliable and efficient cutting tool. Designed to deliver precise and easy cuts, this disc is ideal for a wide range of materials, making it an indispensable ally in any toolbox. Manufactured with carbide and laser fusion technology, it guarantees exceptional durability and safe performance, even in the most demanding conditions.

With a diameter of 115 mm and a straight profile of 1.2 mm, this disc is designed to deliver clean and precise cuts. Its standard gauge of 22.23 mm ensures perfect compatibility with most power tools, facilitating its use in different applications. In addition, its ability to reach a cutting speed of up to 80 m/s and a maximum of 13,300 RPM makes it an ideal choice for fast and efficient work.

The **VATTON 115mm Multi-Material Disc** is especially useful for cutting materials such as plastic, wood, plasterboard, copper pipes and wood with nails. Its innovative design allows dry cuts, eliminating the need for lubricants and reducing preparation time. It complies with EN 13236 regulations, ensuring its safety and quality.

Presented in a practical unitary blister, this disc is easy to store and transport, ensuring that it is always ready for your next project. Whether for professional or domestic use, the **VATTON 115mm Multi-Material Disc** offers the versatility and strength you need to carry out your cutting tasks with confidence and precision.

Specifications

High	20, 00
Width	16, 00
Colour	Black
EAN	8425160484170
Manufacturer	ALFADYSER
Long	00, 4
Material	Carburo
Measures	11, 5cm
Weight (kg)	0, 15
Depth	#¡REF!
