Description

VATTON 10-Piece Rotary Burr Set: Versatility and Durability in Your Projects

The **VATTON Rotary Burr Set** is the perfect choice for DIY enthusiasts looking for high-quality, high-performance tools. This set of 10 rotary burrs is designed to offer you maximum versatility in your projects, whether you're working with soft wood, plastic or rubber. Made from tungsten carbide and TiAlN coating, these burrs ensure exceptional durability, allowing you to perform your tasks with precision and efficiency.

With five different models, the set includes various shapes such as cylinder without front serrations, spherical cylinder, spherical, spherical ogival and ogival. Each model is available in two sizes, 6 mm and 12 mm, allowing you to choose the right tool for each specific task. The ø6mm shank ensures a perfect fit in most rotary tools, making them easy to use and improving stability while working.

VATTON burrs are ideal for a wide range of applications, including grinding, polishing, reaming and burnishing. Their ergonomic design and robust construction allow you to work for long periods without compromising the quality of the finish. In addition, the Tialn coating provides superior wear and heat resistance, prolonging the life of the burrs and ensuring consistent performance.

This burr set comes in a hard case, making it easy to store and transport. The case not only protects the burrs from potential damage, but also allows you to keep them organized and always at hand. With the **VATTON burr set**, you will have the confidence of having professional quality tools that will help you take your DIY projects to the next level.

Specifications

High	00, 14
Width	10, 00
Colour	Black
EAN	8425160488031
Manufacturer	ALFADYSER
Long	00, 4
Length	4, 5-5cm
Material	Acero al carburo de tungsteno/TIALM
Measures	45-50mm
Weight (kg)	0, 082
Depth	#iREF!
