The **MATEL E27 12W standard LED bulb** is the perfect solution for those looking for efficient, long-lasting lighting. Designed to offer optimal performance in study spaces, offices and commercial premises, this bulb stands out for its ability to improve visibility and visual comfort thanks to its **4000K colour temperature**, which provides a neutral light ideal for any environment.

One of the main advantages of this bulb is its **F energy rating**, which saves up to 90% of energy compared to traditional incandescent bulbs. This not only translates into lower electricity consumption, but also a positive impact on the environment. Furthermore, its **instant electronic ignition** ensures that the light is available instantly, without waiting times.

The design of the MATEL E27 bulb is another of its strong points. With a **white PC body** and an aluminium interior, it combines aesthetics and functionality. Its **light opening angle of no less than**

270º ensures uniform light distribution, eliminating shadows and providing homogeneous lighting in any space.

The **average lifespan of up to 30,000 hours** is a testament to its durability, meaning fewer replacements and reduced maintenance over time. In addition, its installation is simple and straightforward, with no need for additional transformers, making it easy to use in any type of luminaire with an E27 socket.

In short, the MATEL E27 12W standard LED bulb is a smart choice for those looking for efficiency, durability and quality in lighting. Its design and features make it an ideal choice to enhance any space, offering clear and comfortable light that adapts to the needs of each user.

Specifications

High	24, 00
Width	6, 00
Cap	E27 - rosca ancha
Energy classification	F
Colour	Matt white
EAN	8425160226657
Manufacturer	ALFADYSER
Long	31, 00
Material	Aluminio/Polycarbonato
Measures	Ø6x11, 2cm
Weight (kg)	0, 0449
Depth	#iREF!
Protection	IP20
Adjustable	No
Nominal voltage (V)	230V
Colour temperature	4000K
Estimated life (h)	30000
