Product sheet

Split Ceramic Winter 2000w White 2powers 3functions Security PTC/remote Timer 19x50x14cm

Brand: FABRILAMP

Reference: FAB 200012001

Electric Ceramic Split from the WINTER series in WHITE color. Made of metal, ceramic plates and polycarbonate. Ceramic heating element with PTC, protection against overheating, allows it to be adjusted to the ambient temperature, equipped with 2000 watts of power and ADJUSTABLE THERMOSTAT, allowing adjustment between two heating powers, 1000 watts and 2000 watts. With three functions: fan, warm air and hot air. With REMOTE CONTROL AND TIMER, both for 24 hours and weekly, allowing you to leave the split programmed so that it is hot at a specific time. With LED screen and LOCK FUNCTION for children. It is wall fixing, it comes with everything included for installation and assembly. Ideal for bathrooms since it has IP23, although it can be placed in all types of rooms saving space. Its slats have a large oscillation angle so they constantly distribute the air, heating the entire room. It comes with a modern design, with low consumption and great efficiency thanks to its ceramic plates, creating and distributing heat safely. It has dimensions of 19x50x14 centimeters.
