Description

Greip 4xE27 ceiling fan with light

The Greip 4xE27 ceiling fan is an ideal option for those looking to combine functionality and style in their living rooms and bedrooms. This fan stands out for its boho chic design, which integrates perfectly into environments decorated with natural fibers and artisanal elements. The fan blades are ingeniously integrated inside a screen made of natural fibers, giving it a unique and elegant look.

The fan's DC motor is silent and has six rotation speeds, which allows you to adjust the air intensity according to the needs of the moment. Furthermore, the fan is conveniently controlled using a remote control, which is included in the package. This makes it easy to use and allows you to change the speed without having to get up.

The Greip ceiling fan has the capacity to place four E27 LED bulbs, which provides adequate and efficient lighting for any space. The light and fan can be used independently, offering versatility in daily use.

Mounting the fan is simple and is done directly on the ceiling, allowing for quick and hassle-free installation. This fan is not only a practical solution to keep the environment cool, but also adds a touch of style and sophistication to the decoration of any living room or bedroom.
