Description

The M-5 tilting shank (straight) is a high quality component designed to offer optimal performance in industrial applications. Made from strong and durable materials, this rocker pin ensures long life and reliable operation at all times. Its straight design makes it easy to install and use, making it a convenient choice for a variety of applications.

High quality component
Straight design for easy installation
Made with strong and durable materials
Ensures optimal performance in industrial applications
Long lifespan and reliable operation

Specifications

EAN	8425998482003
Manufacturer	EDM
Country of origin	Spain
Weight (kg)	025, 0
