Description

ARTIC Extendable Siphon Sleeve: The Ideal Solution for Sanitary Drains The ARTIC Extendable Siphon Sleeve is the perfect choice for those looking for an efficient and versatile solution for installing sanitary drains. Made from high-quality PVC, this sleeve guarantees exceptional durability and superior resistance, ensuring optimal performance over time. Its extendable design makes it a product adaptable to various configurations, allowing for quick and easy installation. One of the most outstanding features of the ARTIC Extendable Siphon Sleeve is its ability to adapt to different installation needs. Thanks to its extendable design, this sleeve easily adjusts to the required dimensions, eliminating the need for additional cuts or adjustments. This not only makes the installation process easier, but also reduces the time and effort required to complete the job. **Material:** The high-quality PVC used in its manufacture provides exceptional resistance to corrosion and wear, ensuring a long product life. **Thread Type:** The plastic thread ensures a secure and watertight fit, preventing leaks and ensuring a constant and unobstructed water flow. **Dimensions:** Measuring 32 x 1 1/4, this sleeve is ideal for a wide range of

applications in sanitary drains. Color: Its white finish blends in perfectly with any bathroom environment, offering a clean and professional appearance. Easy Installation and Maintenance: Designed to simplify the installation process, this sleeve requires no special tools, and its maintenance is minimal, making it an ideal choice for home and commercial use. practical and convenient. The ARTIC Expandable Siphon Sleeve is the ideal solution for those looking for a reliable and efficient product for their sanitary drainage needs.

Specifications
