Description

WORGRIP 20V PRO lithium grinder 115mm without battery

The **WORGRIP 20V grinder** is the tool that every professional and DIY enthusiast needs in their arsenal. Designed to offer exceptional performance, this grinder combines power and versatility in an ergonomic and lightweight design, making it easy to handle even in the most demanding tasks. With a high-performance motor that guarantees a constant speed of 8500 RPM, this tool is ideal for cutting and roughing jobs, ensuring precise and efficient results.

Compatible with 115 mm discs, the WORGRIP grinder is perfect for precision tasks, allowing clean cuts and professional finishes. Its M14 metric ensures wide compatibility with various accessories, thus expanding its possibilities of use. In addition, its weight of only 1.35 kg makes it a lightweight and easy-to-handle option, reducing fatigue during prolonged use.

The design of the WORGRIP grinder not only focuses on performance, but also on user comfort. It includes a practical case and accessories that make it easy to transport and store, ensuring that it is always ready for action. Although the charger is not included, its 230V 50Hz voltage is compatible with most standard chargers, allowing for fast and efficient charging.

In short, the **WORGRIP 20V grinder** is a must-have tool for those looking for quality and efficiency in their DIY projects. Its combination of power, precision and comfort makes it a standout option on the market, offering superior performance in every use. With the WORGRIP grinder, every project becomes a satisfying experience, guaranteeing professional results with minimal effort.
