Description

WORGRIP 20V Brushless Impact Driver

The **WORGRIP impact driver** is the ideal tool for those looking for efficiency and power in their DIY or professional projects. Equipped with a **brushless** motor, this device is designed to prevent overheating, ensuring optimal performance and prolonging the life of the product. With a power of **20V**, the WORGRIP stands out for its ability to perform demanding tasks with ease.

One of the most outstanding features of this screwdriver is its **variable speed**, which ranges from 0 to 2700 RPM, allowing you to adjust the speed according to the needs of the job. Additionally, its 0-3600 BPM impact rate and 160 Nm maximum torque ensure that every screw is perfectly tightened, even in

harder materials.

The WORGRIP's ergonomic design provides a comfortable and secure grip, reducing fatigue during prolonged use. The integrated LED light is an added benefit, as it illuminates the work area, improving accuracy in low-light conditions. This screwdriver also features a 1/4” hex shank, making it easy to quickly change bits and increasing the versatility of the tool.

The WORGRIP includes a handy PVC case for safe storage and transportation, ensuring that the tool is always protected and ready for use. Weighing just 0.80kg, it is lightweight and easy to handle, making it an ideal choice for work at height or in tight spaces.

In short, the **WORGRIP impact driver** combines advanced technology and functional design to offer a superior user experience. Its brushless motor, variable speed and ergonomic design make it an indispensable tool for any DIY enthusiast or professional looking for quality and efficiency in their projects.

Specifications

Frequency	50
High	25, 00
Width	26, 00
Colour	Black, Grey
EAN	8425160491529
Manufacturer	ALFADYSER
Long	10, 00
Material	PVC/Metal
Weight (kg)	1, 484
Depth	#¡REF!
Nominal voltage (V)	230V
