KÜKEN 2000W turbo convector

Brand: KUKEN

Reference: ALFA 34419

KÜKEN 2000W Turbo Convector

The KÜKEN 2000W Turbo Convector is an efficient electric heater designed to provide immediate and safe heat. With a compact and functional design, it is ideal for any space that requires rapid heat distribution.

- Power: 2000W
- Connection: 220-240 V ~ 50 Hz
- 3 heat settings: 750W, 1200W and 2000W
- Cold air ventilation mode
- Adjustable thermostat
- Automatic shut-off when temperature is reached
- Anti-overheating system
- Safety grille and side handles
- Measurements: 530x385x115 mm (height with legs)

Description

KÜKEN 2000W Turbo Convector

The KÜKEN 2000W Turbo Convector is the perfect solution for those looking for an efficient and safe electric heater. Designed to provide immediate heat, this convector is ideal for any space that needs rapid heat distribution. Its compact and functional design makes it a versatile option for the home or office.

With a power of 2000W, the KÜKEN Turbo Convector guarantees optimal performance. It offers three heat positions: 750W, 1200W and 2000W, adapting to the specific needs of each user. In addition, it has a cold air ventilation mode, making it useful all year round.

The adjustable thermostat allows you to set the desired temperature, ensuring a comfortable environment at all times. One of the most notable features is its automatic shut-off system when the set temperature is reached, providing peace of mind and safety to the user. In addition, the anti-

overheating system adds an extra layer of protection, avoiding any risk of accident.

The safety grille and side handles make it easy to handle and transport, allowing you to move the convector from one room to another effortlessly. Its dimensions of 530x385x115 mm, including the height with legs, make it compact enough to place in any corner without taking up too much space.

The KÜKEN 2000W Turbo Convector is not only efficient, but also aesthetically pleasing, easily integrating into any decor. Its 220-240 V ~ 50 Hz connection ensures stable and reliable operation. This heater is the ideal choice for those who value the combination of design, functionality and safety in a single product.

Specifications

Frequency	50
High	00, 40
Width	00, 58
Colour	Black, White
EAN	8425160344191
Manufacturer	ALFADYSER
Long	00, 14
Measures	53x38, 5cm, 5x11
Weight (kg)	2, 9
Power (W)	2000
Maximum power (W)	2000
Depth	#¡REF!
Adjustable	Yes
Nominal voltage (V)	230V
