Description

KÜKEN 23W Compact Dehumidifier: Efficiency and style for your home

The KÜKEN 23W dehumidifier is the perfect solution for those looking to maintain a healthy and comfortable environment in their homes. Designed for spaces of 15 to 25 square meters, this device combines efficiency and elegance in a modern black and white design that fits with any decor.

With an **absorption capacity of 12 liters per day**, the KÜKEN 23W removes excess moisture quickly and quietly, helping to prevent problems such as mold and dust mites, which can affect respiratory health. Its **1.5-litre water tank** is easy to empty and features a light indicator that warns when it is full, ensuring continuous, worry-free operation.

This dehumidifier is equipped with an **auto-defrost function** that operates efficiently in temperatures from 5 to 12 degrees Celsius, ensuring its performance even in cold conditions. In addition, its **digital**

panel allows you to adjust the desired humidity precisely, offering total control over the environment in your home.

The KÜKEN 23W is easy to move thanks to its **integrated wheels and handle**, allowing it to be effortlessly transported from one room to another. Its **removable rear air filter** is easy to clean, helping to keep the air fresh and free of impurities.

With **time and speed programming** options, this dehumidifier adapts to your daily needs, allowing you to set operating schedules and adjust the speed according to your preferences. The **power and full tank indicator lights** make it easy to use, making the KÜKEN 23W a reliable ally in the care of your home.

Discover how the KÜKEN 23W compact dehumidifier can transform your space into a healthier and more welcoming place, combining advanced technology and sophisticated design to offer you the best in humidity control.
