Description

MATEL PC White Recessed LED Downlight Round 18W Neutral

The **MATEL PC White Recessed LED Downlight Round 18W Neutral** is the perfect solution for those looking for efficient and elegant lighting. This recessed LED downlight stands out for its round design and its white PC frame with a matte cover that easily integrates into any style of decoration, from the most modern to the most classic. Its neutral light is ideal for creating a cozy and comfortable atmosphere in any space, whether at home, in the office or in a commercial premises.

One of the main advantages of this downlight is its ability to save up to 90% of energy compared to traditional light bulbs. With a consumption of only 18W, it offers a luminous flux of 1980 lumens, guaranteeing powerful and uniform lighting. In addition, its light opening of no less than 180° ensures wide coverage, eliminating shadows and providing clear, bright light throughout the room.

The **MATEL LED Downlight** is easy to install thanks to its recessed cavity that varies between 170-205 mm, adapting to different types of ceilings. It includes a driver that allows connection to 230V, although it works at 12V, making it safe and versatile. This product is available in cold and neutral light, allowing you to choose the color temperature that best suits the needs of the space.

With an average lifespan of up to 30,000 hours, this LED downlight is a long-term investment that reduces the need for frequent replacements, saving time and money. Its efficient design and ability to blend into any environment make it an ideal choice for those looking for quality and style in their lighting. The **MATEL PC White Recessed Round 18W Neutral LED Downlight** is more than just a light source, it is a key piece to transform any space into a cozy and modern place.
