LED downlight MATEL PC white surface round 18W neutral

Brand: MATEL

Reference: ALFA 28501

MATEL PC White Surface Round LED Downlight 18W Neutral

This round surface LED downlight is ideal for illuminating any space with efficiency and style. With a modern design and a white PC frame, it offers a uniform and pleasant light. Its LED technology guarantees significant energy savings and a long lifespan.

- 12V connection (includes 230V driver)
- Dimensions: 216 mm
- Consumption: 18W
- Luminous flux: 1980 lumens
- Light opening: not less than 180°
- Available in cold and neutral light
- White PC frame and matte cover
- They save up to 90% of energy
- Average lifespan: up to 30,000 h

Description

MATEL PC White Surface Round 18W Neutral LED Downlight

The **MATEL PC White Surface Round 18W Neutral LED Downlight** is the perfect solution for those looking for efficient and modern lighting. This round surface LED downlight stands out for its elegant design and its ability to offer a uniform and pleasant light in any space. With a white PC frame and a matte cover, it easily integrates into any decoration, adding a touch of sophistication.

One of the main advantages of this downlight is its **LED technology**, which not only guarantees significant energy savings, but also offers a long lifespan. With a consumption of only 18W, this downlight is capable of providing a luminous flux of 1980 lumens, which translates into powerful and

efficient lighting. In addition, its light opening of no less than 180º ensures wide coverage, ideal for illuminating large areas without leaving dark areas.

This model is compatible with a 12V connection and includes a 230V driver, which makes it easy to install in different environments. Measuring 216 mm, it is compact enough to fit into small spaces, but powerful enough to illuminate effectively. Available in cold and neutral light, it allows you to choose the color temperature that best suits the needs of the space.

The **MATEL LED Downlight** is not only efficient, but it is also a sustainable option. Thanks to its ability to save up to 90% of energy compared to traditional light bulbs, it contributes to reducing energy consumption and, therefore, to reducing the carbon footprint. With an average lifespan of up to 30,000 hours, this downlight is a long-term investment that guarantees optimal performance for years.

Specifications

Frequency	50
High	22, 00
Width	22, 00
Opening angle	180
Energy classification	E
Colour	White
Cri (Ra)	80
Driver included	Yes
EAN	8425160285012
Manufacturer	ALFADYSER
Long	3, 00
Lumens (lm)	1980
Material	Polycarbonato (PC)
Measures	5cm, Ø21, 6x3
Weight (kg)	0, 272
Depth	#iREF!
Protection	IP20
Nominal voltage (V)	12/230
Colour temperature	4000
Estimated life (h)	30000
