Description

MATEL PC White Surface Round 24W Cool LED Downlight

The **MATEL PC White Surface Round 24W Cool LED Downlight** is the perfect solution for those looking for efficient and modern lighting. This round surface LED downlight stands out for its elegant design and its white PC finish with a matte cover, making it an ideal complement to any type of decoration, from the most classic to the most contemporary.

With a consumption of only 24W, this LED downlight is an energy-efficient option that allows you to save up to 90% compared to traditional light bulbs. In addition, its average lifespan of up to 30,000 hours ensures long-lasting and reliable lighting, reducing the need for frequent replacements and, therefore, the associated costs.

This model offers a cold and neutral light, with a luminous flux of 2640 lumens, providing a pleasant and well-lit environment. The light opening of no less than 180º guarantees an even distribution of light, eliminating shadows and creating a cozy and functional space. It is ideal for illuminating any space, whether at home, in offices, shops or any other place that requires quality lighting.

The **MATEL LED Downlight** is easily connected to 12V and includes a 230V driver, which makes it easy to install and compatible with most electrical installations. With a measurement of 289 mm, it adapts perfectly to different spaces, offering a versatile and practical solution for any lighting need.

In short, the **MATEL LED Downlight PC White Surface Round 24W Cold** combines energy efficiency, modern design and high-quality lighting, becoming an ideal option for those looking to improve the lighting of their spaces with style and functionality.

Specifications
