Description

MATEL LED Downlight PC White Surface Round 24W Neutral

The MATEL round surface LED downlight is the perfect choice for those looking for efficient and modern lighting. This product combines elegant design with advanced technology, offering a lighting solution that adapts to any space. With its white PC finish and matte cover, this downlight not only illuminates, but also complements the aesthetics of its surroundings.

One of the most outstanding features of this downlight is its ability to provide a neutral light, ideal for creating cozy and comfortable environments. The LED technology used in this product guarantees

significant energy savings, allowing you to reduce your energy consumption by up to 90%. Plus, with an average lifespan of up to 30,000 hours, this downlight is a long-term investment that will allow you to enjoy quality lighting for years to come.

- 12V connection with included driver for 230V
- 289mm measurement, ideal for different spaces
- Efficient 24W consumption
- Luminous flux of 2640 lumens, ensuring powerful lighting
- Light opening not less than 180º, covering large areas
- Available in cold and neutral light options to suit your needs
- White PC frame and matte cover for a modern finish

The MATEL LED Downlight is more than just a light source; it is a lighting solution that combines efficiency, durability and design. Its installation is simple, and its performance is exceptional, making it an ideal choice for homes, offices and any space that requires quality lighting. With this downlight, you not only improve the lighting of your space, but you also contribute to caring for the environment thanks to its low energy consumption.
