Description

Round LED Downlight PC Black 18W Cold Light

Discover the perfect solution to illuminate your spaces with the **Round LED Downlight PC Black 18W Cold Light**. This innovative product combines energy efficiency and modern design, ideal for those looking for quality lighting without sacrificing style. With a recessed design and an elegant black PC frame, this downlight integrates discreetly into any environment, providing a contemporary and sophisticated touch.

One of the main advantages of this downlight is its **energy efficiency**. Thanks to its LED technology, you can save up to 90% on energy consumption, which translates into a lower environmental impact and significant savings on your electricity bills. In addition, its cold light is perfect for creating fresh, well-lit environments, ideal for offices, kitchens or any space that requires clear and precise lighting.

The **Round LED Downlight** offers a light opening of no less than 180º, ensuring an even distribution of light throughout the room. Its 170-205 mm recessed cavity facilitates installation, adapting to different types of ceilings. In addition, it includes a driver for connection to 230V, guaranteeing safe and stable operation.

With an average lifespan of up to 30,000 hours, this downlight is a long-term investment. Its matte cover and PC frame not only improve its appearance, but also contribute to its durability. Available in cool and neutral light, you can choose the option that best suits your needs and preferences.

Finally, the **Black 18W Round PC LED Downlight** has a 2-year warranty, giving you peace of mind and confidence in your purchase. Improve the lighting in your spaces with this product that combines advanced technology, elegant design and energy efficiency.

Specifications

Frequency	50
