Description

Round LED Downlight PC Black 18W Neutral Light

The **Round LED Downlight PC Black 18W Neutral Light** is the perfect solution for those looking for efficient and stylish lighting. This recessed LED downlight stands out for its modern and elegant black design, which easily integrates into any environment, whether at home, in the office or commercial space. Its neutral light provides balanced lighting, ideal for adapting to different needs and creating cozy and functional environments.

One of the main advantages of this downlight is its **easy installation**. With a recessed cavity that varies between 170 and 205 mm, it adapts to different types of ceilings, allowing for quick and

uncomplicated installation. In addition, its 230V connection includes a driver, which further simplifies the installation process.

The **energy consumption** of this downlight is minimal, at just 18W, which translates into savings of up to 90% compared to traditional lights. This not only reduces the cost of the electricity bill, but also contributes to environmental sustainability. Its light opening of no less than 180º guarantees a wide light coverage, efficiently illuminating any space.

Manufactured with a PC frame and a frosted cover, this LED downlight is not only durable, but also offers an **average lifespan of up to 30,000 hours**. This means less replacements and maintenance, providing long-term peace of mind. In addition, it has a 2-year warranty, ensuring the quality and reliability of the product.

Available in cool and neutral light options, the **Black PC Round LED Downlight 18W** is a versatile option that adapts to different lighting preferences. Its design and functionality make it a smart choice for those looking to combine energy efficiency with a modern and sophisticated style.
