Description

Carbon Brush for Wōrgrip 45654 Drill

Discover how to optimize the performance of your drill with the carbon brushes designed specifically for the Wōrgrip 45654 model. These brushes are the perfect complement to keep your power tool running efficiently and for a long time. Made with high quality carbon, they guarantee excellent electrical conductivity and wear resistance, which translates into superior performance and greater durability of your drill.

The presentation in a practical package of 2 units ensures that you always have a spare on hand, avoiding interruptions in your projects. The exclusive compatibility with the Wōrgrip 45654 model ensures a perfect fit and optimal operation, allowing your drill to operate with maximum efficiency. In addition, its easy installation and replacement make the maintenance of your tool a simple and fast task, without the need for advanced technical knowledge.

- **Compatibility:** Designed specifically for the Wōrgrip 45654 model, these brushes guarantee a perfect fit and optimal performance.
- **Presentation:** The pack of 2 units gives you the peace of mind of always having a replacement available.
- **Material:** Made of high quality carbon, they offer excellent conductivity and wear resistance.
- **Function:** They improve the performance and life of your drill, ensuring efficient and prolonged operation.
- **Easy installation:** Its design allows for quick and easy replacement, without complications.

With these carbon brushes, you not only optimize the performance of your drill, but you also extend its life useful, ensuring that it is always ready to face any challenge. Keep your tool in top condition and enjoy exceptional performance with every use.

Specifications

High	0, 50
Width	00, 5
Colour	Carbón
EAN	8425160480981
Manufacturer	ALFADYSER
Long	00, 10
Material	Carbón
Weight (kg)	0, 002
Depth	#¡REF!
