### Description

The **ARTIC 15W** extractor fan is the perfect solution for those looking to keep their bathrooms and kitchens free of moisture and odours. This device combines functionality and design, coming in an elegant white colour that easily blends into any decor. Its **compact design** allows for easy and efficient installation, adapting to small spaces without compromising performance.

With a **power of 15W**, the ARTIC 15W guarantees low energy consumption, ideal for daily use. It works with a **220-240v ~ 50Hz** connection, ensuring compatibility with most domestic electrical installations. Its **161x161 mm** dimensions and  **$\varnothing$ 100 mm** tube diameter make it suitable for a variety of applications, offering versatility in installation.

The **air flow rate** of 80 m3/h ensures effective ventilation, quickly eliminating unwanted moisture and odours. In addition, its **low noise level** of 33 dB makes it a quiet option, ideal for the home, allowing it to be used without causing discomfort.

One of the outstanding features of the ARTIC 15W is its **adjustable timer**, which allows you to program its operation between 1 and 20 minutes, offering comfort and energy efficiency. Made with a **white PC body**, this extractor is sturdy and durable, guaranteeing optimal performance over time.

The product includes **plugs and screws** to facilitate its installation, ensuring that the process is quick and easy. In addition, it complies with **CE and RoHS** regulations, ensuring its safety and respect for the environment.

In short, the ARTIC 15W air extractor is an ideal option for those looking for an efficient, silent and easy-to-install device that keeps their spaces free of humidity and odours, thus improving the air quality in the home.
