Description

VATTON 3-Piece SDS Chisel Set - Precision and Durable Tools

The **VATTON SDS Chisel Set** is the perfect choice for those looking for high-quality tools for chiseling, channelling and demolition work. Designed for both professionals and hobbyists, this chisel set offers an exceptional combination of durability and efficiency.

Made from **hardened steel** with a 40 Cr heat treatment, these chisels ensure superior strength, allowing you to carry out stone, tile and masonry work with ease. The robustness of the material ensures that the chisels maintain their sharpness and shape even under the most demanding conditions, prolonging their lifespan and reducing the need for frequent replacements.

The **SDS** anchoring system is a standout feature of this set, providing a secure and efficient fit. This system allows for quick and easy changing of chisels, optimising working time and improving productivity. In addition, the ergonomic design of the chisels makes them easy to handle, reducing fatigue during prolonged use.

- **Pointed chisel:** 14x250 mm, ideal for precision work on hard surfaces.
- **Flat chisel:** 14x250x25 mm, perfect for smoothing and levelling surfaces.
- **Spade chisel:** 14x250x40 mm, designed to remove large amounts of material quickly.

The set comes in a practical **case with hanger**, making it easy to store and transport. This detail not only protects the tools, but also keeps them organized and always at hand.

In short, the **VATTON SDS Chisel Set** is a smart investment for those looking for reliable, high-performance tools. Its robust design and advanced functionality make it an indispensable ally in any construction or renovation project.
