Description

JAVA Wall-Mounted Sink Mixer Tap Flexible Rubber Black

The **JAVA Wall-Mounted Sink Mixer Tap** is the perfect choice for those looking to combine elegance and functionality in their modern kitchen. This tap stands out for its wall-mounted design, which not only saves space, but also provides a contemporary and sophisticated touch. Its **flexible rubber spout** in black is not only an aesthetic element, but also offers exceptional versatility, allowing the flow of water

to be directed with ease and precision.

Made with a **chrome-plated brass body**, this tap guarantees exceptional durability and resistance, ensuring that it maintains its shine and functionality over time. The **40mm ceramic cartridge** is a key feature that provides smooth handling and precise control of water flow, avoiding drips and ensuring efficient use of the resource.

The **built-in Hidrobis atomizer** is another benefit offered by this single-lever mixer, as it optimizes water use by mixing air with the flow, reducing consumption without sacrificing pressure. The **lever with soft handling system** allows ergonomic and comfortable control, making daily use a pleasant experience.

The **easy wall installation** with nuts is an aspect that cannot be overlooked, as it simplifies the assembly process, allowing anyone to install it without complications. In addition, the **JAVA Sink Mixer** comes with a 3-year warranty, providing peace of mind and confidence in its quality and durability.

- Brass body with chrome finish
- 40mm ceramic cartridge
- Built-in Hidrobis atomizer
- Lever with soft-touch system
- Flexible black rubber spout
- Easy wall installation with nuts
- 3-year warranty
