Description

Round LED Panel Surface White 18W CCT

The **Round LED Panel Surface White 18W CCT** is the perfect solution for those looking for efficient and modern lighting in their interior spaces. This LED panel combines an elegant design with exceptional performance, providing a uniform and high-quality light that transforms any environment.

With a **power of 18W**, this LED panel is ideal for illuminating living rooms, offices, kitchens and any other space that requires clear and efficient lighting. Its **installation voltage of 180-240V** ensures wide compatibility, and the **included driver** makes it easy to install, guaranteeing instant electronic ignition that eliminates annoying flickering.

The **opening angle of $\geq 120^\circ$** allows a wide distribution of light, ensuring that every corner of the space is well lit. Made from high-quality materials such as **ABS and PS**, this LED panel is durable and sturdy, offering a lifespan of up to **30,000 hours**, translating to years of reliable lighting.

One of the most notable features of this panel is its **CCT temperature selector**, which allows you to choose between 6500K, 4000K and 3000K. This versatility in color temperature allows you to adapt the lighting to different needs and environments, from a cold light for work areas to a warm light to create cozy atmospheres.

With an **IP20 protection rating**, this panel is designed for indoor use, protecting against dust and ensuring optimal performance. In addition, it has a **2-year warranty**, providing peace of mind and confidence in your investment.

The **Round LED Panel Surface White 18W CCT** is more than just a light source; it is a key piece to improve the aesthetics and functionality of any interior space.

Specifications

Frequency	50/60
High	23, 00
Width	23, 00
Opening angle	120
Energy classification	F
Colour	White
Cri (Ra)	80
Driver included	Yes
EAN	8425160246877
Manufacturer	ALFADYSER
Long	00, 3
Material	ABS/PS
Measures	Ø23cm
Weight (kg)	524, 0
Battery included	No
Depth	#iREF!
Protection	IP20
Adjustable	Yes
Nominal voltage (V)	230V
Colour temperature	3000K/4000K/6500K
Estimated life (h)	30000
