Description

Round LED Panel Surface White 400mm 32W CCT

The **Round LED Panel Surface White 400mm 32W CCT** is the perfect solution for those looking for efficient and modern lighting in their interior spaces. This LED panel combines an elegant design with exceptional performance, providing a uniform and high-quality light that transforms any environment.

With its 32W power, this panel is ideal for illuminating living rooms, offices, kitchens and any other space that requires clear and efficient lighting.

One of the most outstanding features of this LED panel is its **CCT temperature selector**, which allows you to choose between three color temperatures: 6500K, 4000K and 3000K. This offers the flexibility to adapt the lighting according to the desired environment, whether it is a cold light for a work environment or a warm light for a cozy atmosphere. In addition, its ≥120º opening angle ensures wide light coverage, eliminating shadows and providing homogeneous lighting.

Made from high-quality materials such as ABS and PS, this LED panel guarantees durability and resistance. Its lifespan of up to 30,000 hours means you won't have to worry about frequent replacements, which translates into significant savings in the long run. Instant electronic ignition ensures that the light turns on instantly, without flickering or delays.

The **400mm 32W CCT White Surface Round LED Panel** is easy to install thanks to its 180-240V installation voltage and the included driver. Designed for indoor use with an IP20 protection rating, it is ideal for any space that requires reliable and efficient lighting. With a 2-year warranty, this LED panel is a safe investment to improve the lighting of your home or business.

Specifications

Frequency	50/60
High	00, 40
Width	40, 00
Opening angle	120
Energy classification	F
Colour	White
Cri (Ra)	80
Driver included	Yes
EAN	8425160268176
Manufacturer	ALFADYSER
Long	00, 3
Material	ABS/PS
Measures	Ø40cm
Weight (kg)	1, 398
Battery included	No
Depth	#¡REF!
Protection	IP20
Adjustable	Yes
Nominal voltage (V)	230V
Colour temperature	3000K/4000K/6500K
Estimated life (h)	30000
