Description

Round LED Panel Surface White 600mm 50W CCT

Discover the perfect solution to illuminate your interior spaces with the **Round LED Panel Surface White 600mm 50W CCT**. This LED panel combines efficiency and style, offering versatile lighting that adapts to any environment, whether in offices, homes or businesses. Its elegant white design easily integrates into any decoration, providing a modern and sophisticated touch.

With a **power of 50W**, this LED panel guarantees optimal performance, providing a clear and uniform light that improves visibility and visual comfort. Its **opening angle of ≥120º** ensures wide light coverage, ideal for illuminating large areas without leaving dark areas. In addition, its instant electronic ignition technology allows you to enjoy immediate, flicker-free lighting, improving the user experience.

The **White Round Surface LED Panel** is made of high-quality materials such as **ABS and PS**, which gives it durability and resistance. Its **IP20 protection rating** makes it suitable for indoor use, protecting it against dust and ensuring its safe and efficient operation.

One of the most outstanding features of this LED panel is its **CCT temperature selector**, which allows you to choose between three color temperatures: **6500K, 4000K and 3000K**. This functionality offers the flexibility to adjust the lighting according to the needs of the space, creating warm, neutral or cool environments as required.

With a **lifespan of up to 30,000 hours**, this LED panel is a long-term investment that reduces the need for frequent replacements, saving time and money. In addition, it has a **2-year warranty**, providing peace of mind and support to the user. Improve the lighting of your spaces with the **Round Surface LED Panel White 600mm 50W CCT** and enjoy its multiple benefits.

Specifications

Frequency	50/60
High	60, 00
