Description

Black Surface Round LED Panel 400mm 32W CCT

The **Black Surface Round LED Panel** is the perfect solution for those looking for modern and efficient lighting. With an elegant design and a black finish, this LED panel easily integrates into any interior space, adding a touch of sophistication and style. Its 32W power guarantees high light output, ideal for lighting everything from living rooms to offices, offering clear and uniform light.

One of the most outstanding features of this LED panel is its **CCT temperature selector**, which allows you to choose between 6500K, 4000K and 3000K. This means you can adjust the colour temperature to suit your needs, whether you want to create a warm and cosy atmosphere or provide a cooler, more energising light. In addition, its opening angle of ≥120º ensures wide light coverage, eliminating

shadows and providing homogeneous illumination.

Made from high-quality materials such as ABS and PS, this LED panel is not only durable, but also lightweight and easy to install. Its instant electronic ignition ensures that the light is activated instantly, without flickering or delays, making it ideal for spaces where immediate illumination is crucial.

With an **average lifespan of up to 30,000 hours**, this LED panel is a long-term investment that will allow you to enjoy efficient lighting for years. In addition, it has a 2-year warranty, providing peace of mind and security in your purchase. Its IP20 protection rating makes it suitable for indoors, protecting it against dust and ensuring optimal operation.

The **Black Surface Round LED Panel** is more than just a light source; It is a combination of design, functionality and energy efficiency that will transform any space into a bright and modern environment.

Specifications

Frequency	50/60
High	00, 40
Width	00, 40
Opening angle	120
Energy classification	F
Colour	Black
Cri (Ra)	80
Driver included	Yes
EAN	8425160276560
Manufacturer	ALFADYSER
Long	00, 3
Material	ABS/PS
Measures	Ø40cm
Weight (kg)	1, 378
Battery included	No
Depth	#¡REF!
Protection	IP20
Adjustable	Yes
Nominal voltage (V)	230V
Colour temperature	3000K/4000K/6500K
Estimated life (h)	30000
