Description

10W Rechargeable LED Laptop with Base: Versatile and Efficient Lighting

Discover the perfect solution to illuminate any workspace with the **10W Rechargeable LED Laptop with Base**. This device combines a compact and functional design with the convenience of being rechargeable, making it an indispensable ally for professionals and amateurs looking for efficiency and practicality in their daily tasks.

Equipped with a powerful **10W COB LED** and a **1W front LED**, this laptop offers high-quality lighting that adapts to various needs. Its COB LED technology guarantees a **long life of up to 100,000 hours**, ensuring that you always have the light you need without worrying about frequent replacements.

The **2400 mAh** lithium battery provides long-term use, allowing you to work without interruptions. Plus,

its **fast charging via USB Type C** ensures the device is always ready to use in just 4-5 hours. This feature is ideal for those who need a fast and reliable lighting solution.

- **Versatile Lighting Modes:** Choose between 100% COB, 50% COB, and front to tailor the light to your specific needs.
- **Practical Accessories:** Includes a hanging hook and magnet, making it easy to place on any surface and allowing for hands-free use.
- **Areas of Use:** Perfect for mechanics' workshops and multi-tasking, this LED portable light is an essential tool for any work environment.
- **Installation Kit:** Comes with screws and wall plugs included, ensuring quick and easy installation.

With the **10W Rechargeable LED Portable Light with Base**, you get efficient and adaptable lighting that improves your productivity and comfort for any task. Its innovative design and advanced features make it a smart investment for those who value quality and functionality in their work tools.
