Description

AKHÜO Professional Curved Pruning Saw

The **AKHÜO pruning saw** is the perfect tool for those looking to keep their gardens in top condition. Designed especially for the care of hedges and shrubs, this saw stands out for its 65 mm curved steel blade, which allows for precise and efficient cuts with minimal effort. The quality of the steel ensures exceptional durability, ensuring that the saw stays sharp and ready for any pruning task.

One of the most outstanding features of this saw is its **rubber handle**, which provides a comfortable and secure grip. This ergonomic design reduces fatigue during prolonged use, allowing the user to work more efficiently and with greater control. In addition, the handle has a hanging hole, making it easy to store and quickly access when needed.

The **AKHÜO pruning saw** also includes a polypropylene protective sheath, which not only protects the blade when not in use, but also contributes to user safety by preventing accidents. This sheath is sturdy and durable, ensuring that the saw stays in perfect condition for a long time.

- 65 mm steel blade for precise cuts
- Three-sided teeth for easy cutting
- Rubber handle for optimal grip
- Protective polypropylene sheath for added safety
- Handle with hole for hanging and easy storage
- Overall length of 495 mm, ideal for comfortable handling
- Blade length of 330 mm, perfect for various pruning tasks

With the **AKHÜO pruning saw**, every cut becomes a simple and efficient task, allowing your garden to always look impeccable. This saw is the ideal choice for those who value quality and performance in their gardening tools.
