Description

WORGRIP 20V Brushless Circular Saw: Precision and Power in Your Hands

The **WORGRIP 20V Brushless Circular Saw** is the ultimate tool for those seeking precision and efficiency in their cutting projects. Designed to deliver superior performance, this circular saw is ideal for working with a wide variety of materials, from wood to light metals. Its 20V brushless motor is an innovation that prevents overheating, ensuring continuous, uninterrupted operation, resulting in greater durability and less maintenance.

With an adjustable speed from 0 to 5000 RPM, the WORGRIP Circular Saw allows for fast, precise cuts, adapting to the specific needs of each project. Its 185 mm blade with 24 teeth ensures clean, efficient cuts, while its 37 to 62 mm cutting capacity offers versatility for different applications. Adjustable cutting angles ranging from 90º to 50º provide flexibility to make bevel cuts with ease.

The WORGRIP's ergonomic design is another of its strong points. Its ergonomic handle provides a comfortable and secure grip, reducing fatigue during prolonged use. In addition, the clamp-on blade guard adds an extra layer of safety, protecting the user from potential accidents.

The WORGRIP Circular Saw is lightweight, weighing only 3.22 kg, making it easy to handle and transport. Although the battery is not included, its 230 V ~ 50 Hz charger connection ensures that it is always ready for action. In addition, it comes with accessories that complement its functionality, making this tool a smart investment for any DIY enthusiast or construction professional.

In short, the **WORGRIP 20V Brushless Circular Saw** combines power, precision and comfort, becoming an indispensable ally for those looking for quality results in their cutting projects.
