Description

Discover the WORGRIP 12V Drill Driver: Power and Versatility in your Hands

The **WORGRIP 12V Drill Driver** is the perfect tool for those looking to combine power and comfort in their DIY projects and professional tasks. Designed to offer exceptional performance, this drill driver becomes an indispensable ally in any toolbox.

With a **12V motor** that offers a variable speed of 0-400 to 0-1500 RPM, the WORGRIP 12V adapts to a wide range of applications, from screwing to drilling in different materials. Its **32 Nm maximum torque**

ensures you can tackle demanding tasks with ease, while the **torque adjustment ring** with 18+1 positions allows you to control the force applied, ensuring precision in every job.

The **10 mm automatic chuck** makes changing bits easy, saving time and effort. In addition, its ergonomic and lightweight design, weighing only 1.50 kg without battery, ensures comfortable handling and reduces fatigue during prolonged use. The **rubberized ergonomic handle** provides a secure grip, improving stability and control.

Equipped with a **1.5 Ah Li-Ion battery**, the WORGRIP 12V offers adequate autonomy to complete your projects without interruptions. The **battery charge indicator** allows you to monitor the power level, avoiding unpleasant surprises. Its 230V ~ 50Hz charger ensures fast and efficient charging, keeping you always ready for action.

The **integrated LED light** is a detail that makes all the difference, illuminating dark work areas and improving visibility in low-light conditions. With the WORGRIP 12V Cordless Drill, every task becomes a simpler and more efficient experience, allowing you to achieve professional results with ease.

Specifications

Frequency	50
Colour	Black, Grey, Red
EAN	8425160488208
Manufacturer	ALFADYSER
Weight (kg)	0
Adjustable	Yes
Nominal voltage (V)	230V
