## Description

### Discover the WORGRIP 20V PRO Lithium Hammer Drill

The **WORGRIP 20V PRO Lithium Hammer Drill** is the ultimate tool for those looking for power and versatility in their drilling projects. Designed to deliver superior performance, this drill is perfect for working on a wide variety of surfaces, from wood to concrete. Its ergonomic and lightweight design ensures that you can work for long periods without fatigue, while its rubberized handle provides a secure and comfortable grip.

With a **power of 20V**, this hammer drill adapts to your needs thanks to its **variable speeds** of 0-450 rpm/min and 0-1800 rpm/min, allowing you to adjust the speed according to the material and the type of work. In addition, its **impact rate** of 0-8000 to 0-28800 BPM ensures efficient and precise drilling, even on the hardest surfaces.

The **maximum torque of 62 Nm** and the **21+3 position torque adjustment ring** give you total control over the applied force, avoiding damage to materials and guaranteeing a professional finish. Its **ø 13 mm automatic chuck** makes it easy to change bits, saving time and effort on every task.

One of the most outstanding features of this drill is its **integrated LED light**, which improves visibility in poorly lit work areas, ensuring that every hole is precise and safe. Weighing just **1,280 kg**, it is easy to handle and transport, making it the ideal companion for any project.

It is important to note that this model does not include a battery or charger, allowing you to choose the option that best suits your needs and budget. The **WORGRIP 20V PRO lithium hammer drill** is the perfect choice for those looking for quality, performance and convenience in a single tool.
