Description

AKHÜO Pruning Shears: Precision and Comfort in Gardening

The AKHÜO pruning shears are the ideal tool for those looking for precision and efficiency in their gardening tasks. Designed with a lightweight and practical structure, these scissors become an indispensable ally for the care of your plants. Their nylon construction not only guarantees a comfortable user experience, but also ensures exceptional durability, allowing you to make precise cuts

effortlessly.

One of the most outstanding features of the AKHÜO pruning shears is their Teflon-coated SK5 blade. This high-quality material provides a clean and precise cut, especially in green woods, making it perfect for a wide variety of gardening tasks. The curved blade is designed to facilitate access to difficult branches, improving the efficiency of each cut.

The non-slip handle is another of the great benefits of these scissors. It offers an optimal grip, even in wet conditions, reducing fatigue during prolonged use. In addition, the secure locking mechanism is an essential feature that protects the blade and prevents accidents when the shears are not in use.

- **Total length:** 195 mm
- **Blade length:** 65 mm
- **Blade material:** SK5 Teflon
- **Handle material:** Nylon
- **Curved blade design**
- **Non-slip handle**
