Description

KÜKEN 100W Misting Fan: Freshness and Comfort in your Home

The KÜKEN 100W Misting Fan is the perfect solution for those looking for a cool and comfortable environment at any time of the year. This innovative device combines the power of a traditional fan with the freshness of water vapor, creating a refreshing and personalized atmosphere that adapts to your needs.

With a power of 100W, this misting fan is capable of offering efficient and constant performance. Its versatile design allows it to be used as a conventional fan or to activate the water vapor function for a more refreshing experience. The adjustable height, reaching up to 127 cm, ensures that you can fit it to the perfect size for any space, whether at home or in the office.

The KÜKEN Misting Fan has three air modes: normal, sleep and natural, which allow you to choose the option that best suits your preferences and the time of day. In addition, its three ventilation levels offer you the possibility of adjusting the intensity of the air according to your needs. The 90º horizontal oscillation guarantees an even distribution of air throughout the room, ensuring that every corner stays fresh.

The included remote control makes it easy to control the fan from anywhere in the room, providing comfort and practicality. Its 3.2 liter water tank allows for prolonged use without the need for constant refills, making it an efficient and low-maintenance option.

In short, the KÜKEN 100W Misting Fan is an excellent choice for those looking for a device that combines functionality, efficiency and design. Its ability to offer a cool and pleasant environment, together with its advanced features, make it an indispensable ally to enjoy a perfect climate at any time.
