Description

Crimping Pliers with Wire Stripper 195 mm

Discover the essential tool for any professional or DIY enthusiast: the **Crimping Pliers with Wire Stripper 195 mm**. Designed for precision and versatility, these pliers are ideal for crimping ring terminals, insulated connectors, cable connectors, faston connectors and the like. Measuring 195mm, they are compact and easy to handle, allowing you to work in tight spaces without compromising on work quality.

- **Crimping Versatility:** Equipped with 3 crimping positions (1.5 - 2.5 and 6mm²), these pliers adapt to different terminal sizes, ensuring a perfect fit and a secure connection.
- **Pin Cutter:** They include a copper and brass threaded pin cutter in sizes M 2.6 - M 3 - M 3.5 - M 4 and M 5, allowing you to make precise and clean cuts without the need for additional tools.
- **Integrated Wire Stripper:** The integrated wire stripper features notches for cables from 0.75 to 6mm², making it easy to strip cables quickly and efficiently.
- **Comfort in Use:** The PVC coated handles provide extra comfort during prolonged use, although they are not insulated, making them ideal for work in controlled environments.

Also known as faston terminal pliers, terminal crimpers or terminal wire strippers, these pliers are an indispensable tool for those looking for quality and efficiency in their electrical projects. Their ergonomic design and multifunctionality make them a preferred choice for wire crimping and stripping tasks.
