Description

Universal Hexagonal Drill Bit Set Ø 4.0 to Ø 10 mm

Discover the versatility and efficiency of the **Universal Hexagonal Drill Bit Set**, designed to meet all your drilling needs. This set includes drill bits with diameters of **4, 5, 6, 8 and 10 mm**, offering a complete solution for any project, whether at home or in the professional field.

- **Multipurpose Drill Bit:** With an innovative design, these drill bits are suitable for drilling a wide variety of materials, including tiles, ceramics, marble, concrete, metal, wood and plastic. Their versatility makes them the ideal tool for any task.
- **Super Sharp Cutting Edges:** Each drill bit is equipped with extremely sharp cutting edges, guaranteeing precise and efficient cuts. This not only improves the quality of the work, but also reduces the effort required during drilling.
- **Patented Four-Cored Tip:** The unique four-cored tip is designed for better dust evacuation, especially on surfaces such as walls or concrete. This ensures cleaner work and extends the life of the drill bit.
- **1/4" Hex Anchor:** The 1/4" hex anchor provides a secure and stable connection with the drill, allowing for quick and easy bit changes. This maximizes efficiency and minimizes downtime.

With the **Universal Hex Drill Bit Case**, you'll have the confidence of having a high-quality tool that adapts to any drilling challenge. Its robust design and advanced features ensure superior performance with every use.
