Description

Hair Dryer with Ionic Diffuser 1900-2300W EDM

The EDM hair dryer with ionic diffuser is the perfect tool to achieve quick and damage-free drying. With a power of 1900-2300W and the "ionic technology" system, this dryer provides extra shine and eliminates frizz, leaving your hair soft and manageable. In addition, it has a professional nozzle and diffuser for precise styling and defined curls. Its removable mesh filter guarantees total protection against overheating, while its professional switch allows you to adjust the speed, temperature and cold air according to your needs. With uniform heat distribution, this hair dryer offers you impeccable results with each use.
