PLUVIA “Loja” unloader interruptible low tanker bag

Brand: PLUVIA

Reference: SCO 89738

The Loja model flusher from Idrospania is made from high-quality, lime-resistant plastic materials. It is a universal model for all ceramic models, compatible with diameters from 12 mm. Its installation does not require dismantling the cistern, it is quick, simple and does not require tools, thanks to its built-in fixing system. On the other hand, its flush is interruptible, so thanks to it, water consumption savings are achieved.
