Sealable surface connection box without cones IP65/IK08 36,2x36,2x14cm grey

Brand: SOLERA

Reference: SOLERA 822

The waterproof surface connection box is ideal for industrial environments, offering a safe and durable solution for the protection of electrical connections. Its cone-free design and robustness make it perfect for a variety of applications.

Technical features:

- External dimensions: 362x362x140mm
- Internal dimensions: 354x354x131mm
- Protection degree: IP65
- Impact resistance: IK08
- Colour: grey
- Smooth cover and sides with centring points
- Closing with quick-release stainless steel screws
- Material: plastic
- Weight: 1.674 kg

The waterproof, sealable surface connection box is an ideal solution for industrial environments that require protection and durability. With a robust and functional design, this box is designed to withstand harsh conditions, ensuring the safety of electrical connections in factories and warehouses. Its grey colour and smooth finish make it suitable for a variety of applications.

- External dimensions: 362x362x140 mm
- Internal dimensions: 354x354x131 mm
- Protection level: IP65, resistant to dust and water jets
- Mechanical resistance: IK08, impact protection

- Smooth cover and sides with centring points
- Closure with quick-release stainless steel screws
- Material: High-quality plastic
- Colour: Grey
- Applications: Ideal for industrial environments such as factories and warehouses

Specifications

High	36,2cm
Width	35,4cm, 36,2cm
Colour	Grey
EAN	8423220227453
Material	Plástico
Measures	35,4x35,4x13,1cm, 36,2x36,2x14cm
Weight (kg)	1,674
Depth	14cm, 13,1cm
Protection	IP65
