Description

The 16cm insulated electrician's scissors are an essential tool for professionals working with electricity. Designed in accordance with EN/IEC 60900, these scissors offer a high level of safety and comfort. Their ergonomic handle, made from two materials, provides a comfortable and secure grip, allowing prolonged use without fatigue. The integral protections ensure that the hands do not come into contact with conductive elements, making them an ideal choice for work in electrical environments. With an insulated voltage of up to 1000V AC, these scissors are perfect for electricians and technicians who require reliable and safe tools.

- Length: 16 cm
- Standard: EN/IEC 60900
- Handle: ergonomic, made of two materials
