### Description

The 4x6mm transparent glass hose in a 100-metre roll is a high-quality and durable product. Made from non-toxic material, this hose is not suitable for food use, but offers great flexibility and resistance to breakage due to elongation. Its transparent design allows easy viewing of the internal flow, making it ideal for applications requiring adaptability in non-food environments. With high permeability, this hose is perfect for those looking for a strong and durable product. Whether for industrial or domestic use, this hose is the perfect choice for those looking for quality and performance in a single product.
